The background of the image is a celestial scene. The upper portion is a deep blue sky filled with numerous small, white stars. On the right side, a bright, glowing light source, likely the sun, creates a lens flare and illuminates the scene. Below the sky, a thick layer of white and yellowish clouds stretches across the horizon, appearing to be seen from an elevated perspective. The overall color palette transitions from dark blue at the top to bright yellow and orange near the light source.
